

Special Cuts

Accurate measurements are important as your suit will be made on the measurements that you give above. Should your garment not fit due to an error on your part, a repeat special cut fee will be charged for re-cuts or amendments. If there is an error on our part we will re-cut the suit at no extra cost.

Do not add extra length to your measurements.

We will grade the suit to allow for clothing to be worn underneath giving a loose fit and full movement.

A - Height

B - Chest

Measure all the way around your chest.

C - Waist

Measure all the way around your waist.

D - Hips

Measure all the way around your hips.

E - Underarm to wrist

Measure from your arm pit to your wrist.

F - Inside Leg to Ankle bone

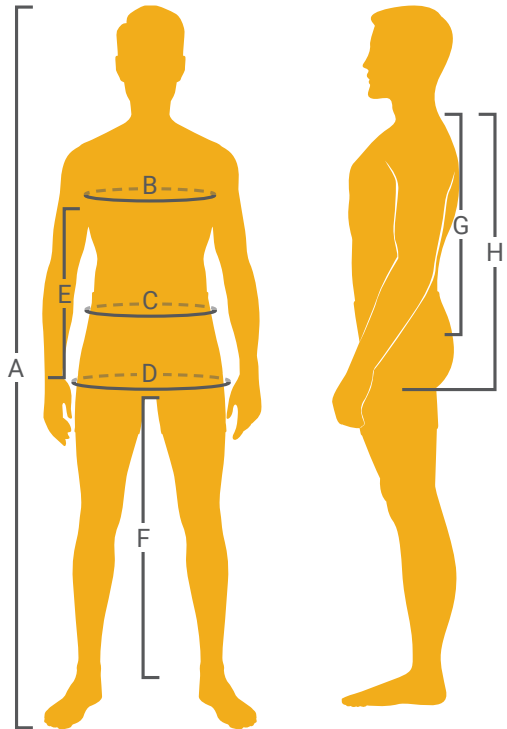

Measure from your ankle bone to your trouser crotch seam.

G - Collar to coccyx

Measure from your collar, down your back to your coccyx.
The coccyx is the small tail-like bone at the bottom of the spine.

H - Collar to crotch

Measure from your collar, down your back, around your buttocks to your trouser crotch seam.
